

# Fusion Radio Community Standards

Fusion Radio is a campus radio station that is responsible to the student body and University of Toronto. Our community standards ensure we strive to maintain a safe and professional environment at all times. Breaches of the community standards will result in reprimands and/or restriction of access to facilities.

**Please be aware that you are being video recorded. We maintain surveillance cameras to protect our equipment.**

If you have any questions or concerns you may contact the Station Manager or call the station:

[stationmanager@fusionradio.ca](mailto:stationmanager@fusionradio.ca)

The main office can be reached at 416-287-7051

1. **Fusion Radio is a Positive Space.** This means that we accept everyone and do not discriminate against anyone. This includes, but is not limited to, things like race, gender, sexual orientation, income, and/or disability. Respect and courtesy is paramount if we wish to maintain a positive and welcoming community environment. No harassment of any type will be tolerated.
2. **Smoking is not permitted** anywhere on any campus or school property in Ontario by law. Therefore anyone who attends Fusion Radio and commits such an offence either prior to, during, or after is breaching of our community standards. Please walk off the university property if you wish to smoke.
3. **All garbage must be placed in the trash** bin in the main hallway or in any other available trash can. Leaving behind garbage is unacceptable. Please make a diligent effort to ensure that you clean up after yourselves and keep things clean.
4. **Keys** are locked in password protected lockboxes. Immediately after opening doors, put them back to avoid accidental loss and clear the code. Please additionally lock and close all doors, as well as turn off any computers/lights when done and leaving the station.
5. It is important to **be aware of noise levels** as both office work and music related activities occur in the station. Please keep all room doors closed and if others are present be mindful of how volume levels can impact others. For example, the speakers in the radio booth can shake the rooms and be heard in the entire station if they are turned up to the high levels, possibly impacting the staff working in the offices or the production occurring in the recording studio.
6. **Damage due to neglect or inappropriate use of equipment** is not tolerated. Any theft or serious damage of Fusion Radio property will result in an investigation. Unauthorized removal of equipment deemed theft will be reported to police. Please be respectful of our property.
7. **Illegal activity** or anything that is defined as a crime by the Canadian Criminal Code, or contrary to University of Toronto policy is not allowed. Any such behaviour will constitute a strong breach of community standards. Illegal activity includes but is not limited to; possession of illegal weapons and/or drugs, verbal and/or sexual harassment, providing alcohol or cigarettes to minors, etc.
8. **Beverages** are not allowed in the radio booth unless they are in a spill proof water bottles, food is not permitted. Do not consume any beverage over-top or beside any electronics or other hardware.
